

www.bloomsky.com

We, (BloomSky, Inc), declare that the device (FCC ID: #AD8ESKY2 /IC: #12733A-SKY2) doesn't have function on "non-US/Canada frequencies". In addition, the frequency and country selection feature are disabled by firmware and any future firmware upgrade on the for marketed to US/Canada. Therefore, the device can only use channel 1-11 on the WiFi function only.

Should you have any question or comments regarding this matter, please have my best attention.

Sincerely yours

By:  JUNTAO XIAO
